Your guide to Year 7 in 2016
Inspiring your child to fly

We warmly invite you to attend our **2016 Year 7 Parent Information Session** on Wednesday, 5 August at 7.00pm at our Year 5 – 8 Campus, Gilmore Street, Yarrawonga.

As your child progresses through the **Year 5 – 8 Campus** subjects such as Literacy, Numeracy, History, Geography, Science and Physical Education and Health remain at the core of their learning.

In Year 7, your child will experience an environment where a small team of teachers work together and establish a relationship with him/her as an individual and learner.

Your child will participate in a range of subjects including Visual Arts, Textiles, Home Economics, Wood Work, Metal Work, Music and IT. Teamwork is still a focus, as is the continued development of independent learners and critical thinkers.

*We are committed to inspiring your child to become a life-long learner with:*

*Innovative 21st century learning*

*Strong Values and Positive Relationships*

*Extensive Leadership Opportunities*

During the **transitional phase from Year 6 to 7**, your child will participate in a number of activities which will assist them to feel more comfortable within the **Year 7 Learning Zone**.

The **Year 6 Open Day** is an opportunity for your child to experience “a day in the life of a Year 7 student”.
