Student Guide

ClickView provides thousands of quality educational videos designed for Primary and Secondary schools, which are accessible through a BYOD-friendly video platform.

With ClickView, you can embrace video learning as their suite of software enables teachers and librarians to store, manage and deliver educational videos inside and outside the classroom.

This means teachers can embed educational videos into their school's LMS, such as Google G-Suite For Education/Classroom, while students can watch these programmes at their own pace using any computer or mobile device.

3. Welcome to ClickView Online - You're ready to use it!

The screenshot displays the ClickView Online interface. At the top, there is a navigation bar with the ClickView logo and menu items: Dashboard, Libraries, Exchange, Workspace, Playlists, and TV. A search bar is located on the right side of the navigation bar. Below the navigation bar, the main content area features a video player for the documentary 'The True Cost'. The video player includes a title, a description, and a 'Play Now' button. Below the video player, there is a section titled 'What would you like to teach?' with a search filter interface. The filter interface includes dropdown menus for Subject, Year level, Strand, Sub-strand, and Code, along with a 'Saved searches' link.

The True Cost

This is a story about clothing. It's about the clothes we wear, the people who make them, and the impact the industry is having on our world. The price of clothing has been decreasing for decades, while the human and environmental costs have grown dramatically. 'The True Cost' is a groundbreaking documentary film that pulls back
