

# Uploading a file to Google Classroom

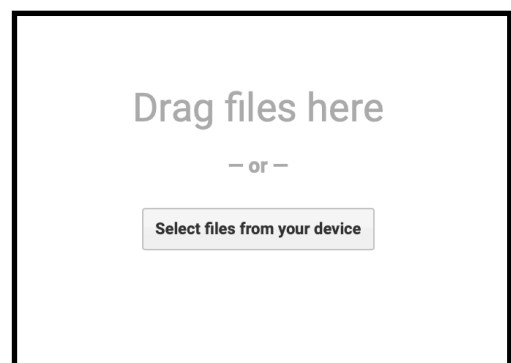

1. Under the task (click on it in the Stream), you should see the Your Work section in the top right-hand corner.

2. Click on Add or Create file - Select File to upload something from your computer, or Drive if you've stored a file in your Google Drive.

3. For File: Select Files From Your Device. Find the appropriate file stored on your computer and selective Blue Upload Button.

4. Once your work is uploaded, just click on the "Turn In" button.
