VCE and VET

Subject Offerings for 2025

The following is a list of VCE and VET units that are currently being considered by the College for 2025. It is important to note that whilst these subjects are being considered, they may not all run. This is dependent upon student interest, class size, staffing and other program offerings. Subjects that cannot run due to very small class size may be offered by alternative methods, eg. Distance Education Modes, Video Conferencing arrangements, etc.

VET VIA OTHER PROVIDER (see booklet for options)	

Important Points to Note:

- Students choosing a VET course should be prepared to complete a work placement component either one day per week or outside school hours.
- VET subjects may have materials and equipment costs which must be paid if undertaking such a course (see the VCE/VET booklet for further details)
- If selecting Specialist Mathematics, students must also choose Mathematical Methods.
- Students should consult the VCE/VET Course booklet for information on subjects.
- Students should also consider subjects required for particular courses at TAFE and University.
